

MPS microgrid series

## MPS Hybrid inverter

### Product features:

#### Safe & reliable

- Built-in isolation transformer for high load adaptability;
- Perfect protection function for inverter and battery;
- Redundancy design for important functions;

#### Abundant configuration

- Integrated design, easy to integrate;
- Support simultaneous access of load,battery,power grid , diesel and PV;
- Built-in maintenance bypass switch, improve system availability;

#### Intelligent & efficient

- Support battery capacity and discharge time prediction;
- Smooth switching between on and off grid, uninterrupted supply of load;
- Operate with EMS to monitor system status in real time;
